Good morning Nigel,  
I apologise for the delay in responding to you.  
Your request for MDCA support in your grant application was approved at our General Meeting on Monday night and I hadn't quite found the time to carry out all the actions from that meeting as yet.  
I have now completed the letter of support. Please find it attached.  
MDCA wish you well in your application.  
Kind Regards  
Marion Satherley  
MDCA Chair
