Kia ora,

I am hoping to get in touch with Paul McIntosh, who I believe presented on behalf of the Mapua and Districts Community about active transport and liveability in Mapua.

We are developing the Tasman District Council active transport strategy and would like the opportunity to touch base and have a conversation about what would best suit Mapua. You may remember us as the team that presented to the association about the Public Transport Plan and the Regional Land Transport Plan back in March.

Nga mihi nui

Clare
