Hi Marion

I do remember the old map but can't seem to locate it I have asked some of the other team members if they still have it.

Our GIS shows the locations as indicative walkways so can send you those but thought the original would also be of benefit.

I will send the GIS ones if we can't find it or both if we can later in the week.

Regards Beryl

Good morning Beryl,

Several months ago when you joined Wayne Chisnall and I in a meeting with Wayne Horner you mentioned that you and the Reserves Dept team were still using and working to develop the future off road walk and cycle pathways that were developed by the Mapua Walkways Group (MWG) that at the time was lead by Sarah McLoed.

At a recent MDCA sub committee meeting of the 'Mapua Livability Group' (MLG) one of the tasks we have set ourselves is to look at the walk and cycle paths already identified MWG and that are on TDC's radar in the hope to expand these links to ensure what already exists link in with future tracks in and around the
