

Subject **Progress update for Mt Hope @ 166 Mapua Drive**
From MDCA <info@ourmapua.org>
To Dennis Bush-King <Dennis.Bush-King@tasman.govt.nz>
Cc Paul McIntosh <pmcintosh64@yahoo.com>
Date 2021-07-13 22:04

Good morning Dennis,

I would appreciate an update on the Resource Consent process for the subdivision development planned for 166 Mapua Drive please.

Has a resource consent been lodged yet?

Has a decision been made yet to whether the Resource Consent be publicly notified?

Have all the concerns MDCA raised initially been alleviated?

- saving the six 100 yr old native trees
- soil contamination from water run off into Aranui Park
- protection of the roots systems of the trees in Aranui Park, especially now Aranui Park has been reclassified as Scenic Reserve 'B'
- ensuring there will still be enough water seepage into Aranui Park to ensure the survival of the wetland plant species
- wide pedestrian/cycle/mobility scooter/etc access from Aranui Park through and into the subdivision that will meet the standard of the future Active Transport Strategy. etc

I would appreciate you taking the time to inform us where this development is up to.

Kind Regards

Marion Satherley

MDCA Chair
