Good morning Tania, Richard, Richard, Drew, Clare, Anne, Christeen, & Dean,

I am following up on an email I sent to you on the 27th July regarding the initial concerns the Mapua & Districts Community Association Executive committee had with some of the detail within the Mt Hope Resource Consent application TDC had received upon request.

Within my email last week I mentioned the Mapua Livability working group (MLWG) would be meeting to discuss the application. This meeting has now occurred and as a result representatives of the Mapua Livability Group are now requesting a meeting to be arranged with all the following parties being present (Tania, the two Richards, Drew, Clare, Anne, Christeen & Dean) so the MLWG can discuss all aspects of our concerns and hopefully for everyone to come away from the meeting knowing all the perceived issues and gaining a much clearer understanding of how best to move this application forward in a manner that for fills all the concerns of interested parties.

MLWG would like this meeting to take place as soon as possible within the next two weeks.

I look forward to hearing back from you all soon.

Kind Regards

Marion Satherley

MDCA Chair
