Hello

It's that time again – let your contributions flow in to our desk – hopefully by the weekend. Is it better to give you more time and then you forget or less time and you get straight on to it? Set a reminder on your own computer maybe?

So the sooner we receive copy the better, but the deadline will be 20th as usual with some leeway for the terminal procrastinator. Incidentally 22nd is an interesting date – 22/2/22. Maybe something significant will happen!

Thanks as always – Andrew

Hi Paul,
I haven't seen the minutes from the public meeting yet, so I'm not able to get the Coastal News article written.
Do you know who did the minutes?
Are you able to follow them up please?
Cheers Marion

Bob,

Any chance you will have the draft minutes completed in the next few days so that Marion can submit a Coastal News article?

Cheers,
Paul.
