Good morning Anna

Are you please able to respond to the questions Paul has raised below? And copy me into the response?

Many thanks

Christine,

Thanks for the chat yesterday and for forwarding on the related emails.

Regarding the Growth Plan Changes, can you please confirm whether the Public Consultation for this will be conducted as part of the FDS or as a separate event? Also, if the Growth Plan Change is a separate consultation, who will be leading this and when will they be scheduling engagements with the MDCA? FYI we already have an FDS webinar scheduled with Myaan for 23rd March.

Thanks for your support.

Best regards,
Paul McIntosh

Hi Paul

As discussed here is the email I received from the TDC in response to a query I had about Wakefield.

Follow the link to the TDC website, where they have put up their info and maps.

Cheers
Christeen

Subject: Wakefield Growth Plan Change

Hi Richard,

I am just following up on an email you sent to Christeen Mackenzie about the Wakefield plan change. I am leading this work for TDC and would be happy to answer any questions you may have on the plan change.

We are currently preparing plans and draft rules for community consultation which commences on the 14 March. We will be accepting feedback on the draft proposal until the 14 April. After we have received feedback and made any necessary adjustments the plan change will be notified. It will then go through the formal RMA process which includes submissions and hearings.

I will be presenting at the Wakefield Community Association on the 21 March if you are able to attend this meeting alternatively there will be updated information on our website from the 14 March. Please go to [Draft changes and planning proposals | Tasman District Council](#)

Please feel free to call me at the number below, I would be happy to answer any of your questions.

Regards

Anna

Anna,

Many thanks for getting back to me promptly.

We will be contacting our members via email/facebook and advertising in the Coastal New regarding the upcoming FDS webinar on 23rd March and will also emphasis that both this webinar and the broader public consultations process will include a review of the proposed Growth Plan Change and its impact on the Mapua area.

Best Regards,
Paul McIntosh

Hi Paul,

Christeen Mackenzie forwarded on your email regarding the growth plan change. I am managing the growth plan change for Tasman and yes we do intend to undertake pre-notification consultation on this plan change. I was intending to contact you today to let you know that Myaan forgot to mention that we do intend to present on the growth plan change at Mapua with the FDS team at the MDCA meeting on the 23rd March. We feel that it is best to talk to these projects together as it is a potentially confusing process with both projects working concurrently.

We intend to consult from the 14 March until the 14 April (the same period as the FDS) prior to the plan change going through the formal RMA process.

Please don't hesitate to contact me if you have any further questions.

Regards

Anna

Anna,

Yes - please advertise as widely as you can.

Best regards,
Paul.

That would be excellent if you could Paul. We had intend to do more face to face consultation but under the current circumstances this is not possible and I would like to get the information out to as many people as may be interested . Would you mind if I also advertised on our website that we will be talking at your meeting on the 23rd?
