Hi Nick

At the Mapua meeting tonight they have discussed the positioning of a plaque to recognise a piece of history in relation to the Mapua Wharf. Where they wanted to put it has been scuttled by one of the property lessees. Are you able to give Paul (the Chair) a ring and discuss who can agree to what with respect to the location of the plaque. His phone number is 0212888338.

Thanks so much
Christeen

Hi Paul,

Not having been at the meeting tonight and now seeing this email from Christeen, I am now unclear why it is being suggested you make contact with Nick. I have already had a conversation with Nick and as a result I thought (as per my report) a new location has been determined outside of 'Darby & Joan'

I do not see any point in rehashing this topic with Nick any further - he did his best in the first instance to work with the owner of Rimu Wine Bar, unfortunately this owner has never been very accommodating with regard to anything that is outside what he wants and there is a long history of this. The location outside Darby & Joan is still relevant to the old Aquarium site.

I hope this adds some clarity to the situation.

Cheers Marion

Good morning Christeen,
I hope you are well.

I would like to let you know that the plaque has now been permanently placed in the pathing our Darby & Joan at Port Mapua. I found Nick to be extremely polite, amenable & willing to find a suitable solution & it was a pleasure working with him.

Because I was absent from MDCA's Monday night meeting I was not able to speak to this queries on the night. I had provided a full report & I am unsure why this even came into question.

I was interacting with Nick regarding the plaques placement & even though we were not able to achieve the options MDCA initially desired due to reasons explained in my report to MDCA, Nick very diplomatically found an alternative location close by.

One of the things I have learnt from being on the Mapua Waterfront Working Group is there are at least two TDC tenants at Port Mapua who are only interested in what they want and unfortunately they appear to always be able to call the shots with TDC's commercial dept. The personalities of the two tenants who have created most of the problems for community at the wharf over the years are not the easiest to work with.

Being a landlord myself, I personally would not tolerate a tenant of mine dictating to me how things will be and it is a pity that TDC do not appear to stand firmer & enables them to impact community use of the wharf area. I even know that from time to time other businesses have issue with them as well.

I appreciate you being willing to follow issues up on behalf of MDCA, however, in this instance things were in hand.

Take care,
Kind Regards
Marion Satherley

Hi Marion

I hope things are good with you. Nice photo in the Newsline! Pleased to hear that Nick was good to work with - he seems to have a different approach than the previous officer. I must look out for the plaque next time I am in Mapua.

Regards
Christeen
