Hi Paul and Marion,

Apologies for the delay in getting back to you with confirmation on a suitable date to meet with MDCA – I can confirm that Barry is available and that Wednesday the 14th September from 6.30pm to 8pm can be confirmed from our end.

The survey went live on Monday and we are getting a great response rate thus far. The link to the website with the survey is: [Māpua Structure Plan 2023 | Engagement | Have your say: Our Environment Plan \(tasman.govt.nz\)](#)

We propose that the meeting with MDCA focus on the survey and obtaining feedback to assist us with this first stage of the structure plan process as this is the key engagement that we are focusing on at the moment for the development of the structure plan.

The following agenda is proposed for the meeting. Please call me if you have any questions about it.

If you could let me know how many people you expect to attend the meeting then I can arrange for a suitable number of planners to be available to assist with the breakout groups. This layout will also require adequate tables to enable groups of a maximum of 10 people to attend each table – please let me know if the Boat Club venue is adequate for this arrangement?

Mapua Structure Plan MDCA Meeting

Agenda

1. TDC project team present **scope** for the structure plan.
2. TDC project team present the **spatial area** of the structure plan.
3. TDC project team present **programme** (actions and timing), including the engagement steps and how to get involved.
4. TDC project team outline the purpose of the **survey** and the need for input from all sectors of the community.
5. Breakout into small groups for the TDC project team to provide assistance with the survey process, answer questions and hear feedback on the opportunities and constraints.

Please note, The project team will not be in a position to comment on the issues raised but will record them for the development of the structure plan. This feedback session does not replace the survey as the main tool for gaining public feedback.

Survey environmentplan.tasman.govt.nz/mapua-structure-plan-2023 has been developed to gather the views of the community and we encourage members to fill in this survey.

Please call if you wish to discuss.

Kind regards

Anna

Exec,

Follow-up meeting with TDC confirmed for Wednesday Sept 14th 6:30-8:00pm.

I will try to secure the Bill Marris Room or the Hall.

Also see the link to the survey.

Regards,
Paul.

Hi Paul

Many thanks for sending this through. Is there a plan to publicise this using money in the Mapua Development Communication Fund?

Will you need the main Hall?

Aileen

The 14 Sept meeting is primarily for MDCA members - other residents are being engaged via a series of TDC run sessions plus the big Community Meeting in November.

The plan is to send put the invitation to members via our standard MailChimp message.

We can use the Dec Comms money to wisely advertise the Nov Community Meeting.

Cheers,
Paul
