Kia ora,

We are looking to come across to Mapua to present information on our Tākaka Cohousing project. We are a not for profit organisation, whose sole shareholder is Te Hapori Hauora - a community land trust.

We've just started construction on our first neighbourhood of 34 homes and are looking for people who are interested in joining the second neighbourhood. Here's a map of our site and plan for 3 neighbourhoods overall:

We wondered if your community would be interested in this and if so, if we could arrange a suitable time/place within your next community meeting to talk about this?

Thank you so much for your help!

Ngā mihi mahana,

Kirsty
