---

## **Part I - introductory**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-1-introductory/)

Part I explains the purpose, scope, structure and effect of the Plan, how it works, the meaning of words and more.

---

## **Part II - land**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-2-land/)

Part II deals with land use and subdivision, including land that is the bed of any river, stream or lake.

---

## **Part III - coastal marine area**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-3-coastal-marine-area/)

Part III deals with the occupation and disturbance of the foreshore, seabed and sea.

---

## **Part IV - rivers and lakes**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-4-rivers-and-lakes/)

Part IV deals with the activities carried out in the beds of rivers and lakes and on the surface of the water.

---

## **Part V - water**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-5-water/)

Part V deals with the taking, using, diverting and damming of water, including the management of water quality.

---

## **Part VI - discharges**

(/my-council/key-documents/tasman-resource-management-plan/volume-1-text/part-6-discharges/)

Part VI applies to all discharges of contaminants to the environment.

---
