Good Afternoon,

We have had a defibrillator dropped into us that was used at the wharf over the weekend please could you come and collect it. Our understanding was that we were no longer to be a dropping point for these. Please could you clarify this arrangement many thanks

Nga mihi nui / Kind Regards

Good morning Jim

Thank you for arranging for prompt collection of the AED from Mapua Health Centre.

We are happy to remain as the drop-off point for any further AEDs providing that once we inform you that we have one here, the MDCA takes care of the servicing and re-locating it to where it belongs?

Can you please advise what the correct email address is for us to advise you when we have a n AED dropped in to us?

Many thanks

Tena koe Maree

Thanks for the notification. I'll get my wife to pick it up this afternoon.

Is it OK if we leave the drop off point as the Medical Centre?. Is seems appropriate and the MDCA does all the servicing of the other AEDs

Regards
