Hi there,

Lindsay Alexander, chairman of the Redwoods Valley Social Society which has become a registered community association with TDC.

We are working with TDC on our boundary which I guess will abut with Mapua at some point. Could you let me know how far the Mapua boundary is towards Richmond. This is likely to determine our boundary to the north of Redwood Valley which TDC will finalise.

I will be attending the TDC meeting of 4 October for community reps so will meet up with whoever is attending on your behalf. Very interested in the road Mapua has travelled as a community association so we can learn from that.

Regards

Lindsay

Good evening Lindsay,

It's good to hear Redwoods Valley has formed a Community Assn so your residents have representation.

With regard to the boundary of where Mapua starts and finishes, this is a bit vague. I know residents living in the Appleby Hills subdivision gravitate to Mapua as their service centre and many in the Silkwood subdivision do the same as well as people living along Maisey Rd. So I do not see why there needs to be a defined boundary as those residents living in these areas could be concerned with what happens in Redwoods Valley from a residential perspective yet, still have concerns with what happens in Mapua as it is where their service centre is situated.

We have our AGM tomorrow evening and we will have a new chair. At this point the new chair has not been confirmed, but it could be someone who hasn't been on the executive committee for very long, so their historical knowledge of MDCA could be limited.

Thank you for reaching out. Please feel welcome to ask whatever it is you would like to know and we will see if we can help.

Kind Regards

Marion Satherley

Acting Secretary

Hi Marion,

appreciate the quick reply and note your comment on boundaries. I agree some overlap is probably a good thing as we want as much community involvement and communication as possible.

We have a community meeting planned for Sept 5th so I will get in touch on my return, end of month, about your re-election situation etc

Cheers

Lindsay
