Hi there,

Tasman District Council is about to begin planning for future growth and development in your area through the Māpua Masterplan and we need your feedback to guide our future conversations.

In Te Reo, Māpua translates to 'a place of abundance' and there are plenty of reasons why people choose to live in or visit this wonderful part of Tasman.

How we go about maintaining its character while managing key projects and changes in the years ahead requires careful consideration.

The aim of the Māpua Masterplan is to develop an integrated plan, in collaboration with the community and iwi, that brings together Council planning processes to address key issues and opportunities.

The masterplan will guide multiple council processes including infrastructure strategies, catchment and asset management plans, the Long Term Plan and policies and rules which form part of the district plan.

As such, it is an important document for the future of Māpua which should reflect the aspirations of this growing coastal community.

Drawing on previous feedback from the community, we've developed 10 draft principles that will be used in the development of the masterplan, incorporate issues and opportunities within Māpua.

Six guiding themes have also been identified:

- Placemaking
- Connectivity
- Infrastructure
- Environmental Values
- Cultural Identity
- Natural Hazards and Climate Change

The initial phase of public engagement is about to start. A series of drop-in sessions are planned for September at the Māpua Community Hall where staff will be available to hear and record your feedback in person.

- Saturday 2 September, 10.00 am – 12.00 pm and 1.00 pm – 3.00 pm
- Thursday 14 September, 2.00 pm – 4.00 pm and 6.00 pm – 8.00 pm

You can also provide feedback online at shape.tasman.govt.nz/Mapua-masterplan-2023. from 21 August until 30 September, 2023.

You can also get in touch with us at mapuamasterplan@tasman.govt.nz.

We look forward to seeing and hearing from you.
