

Subject **Re: Home heating advice & air quality update for May or June Mapua Community Association meeting**

From MDCA chair <chairperson@ourmapua.org>

To Jessie Cross <jessie.cross@tasman.govt.nz>, MDCA Secretary  
<secretary@ourmapua.org>

Date 2024-03-05 22:13

Kia ora Jessie

13 May already has a presentation so it would have to be 10 June. I will pen you in for then. Presentation would be start 7:10pm at the Mapua Hall and I would suggest 15-20 presentation (we have a power point projector) and then some time (10 minutes) for Q&A

Kia ora Jim and Lou,

We are planning a series of home heating education opportunities throughout autumn to raise awareness and encourage our community to adopt best practice wood burner use and reduce air pollution this winter. Councillor Kininmonth has suggested that the Mapua Residents association might be interested in this opportunity.

If you are interested, Dave Pullen, a local expert from the Home Heating Association, is available to attend your Mapua community association meeting on 13 May or 10 June. Diana Worthy, our Team Leader Natural Resources Policy who manages our air quality monitoring work could join him. Dave has decades of experience and is an interesting and engaging speaker with lots of practical tips on how to get the most out of your wood burner.

Dave and Diana could adapt what they present to fit the time you have available. If possible, it would be preferable to have Dave and Diana as first speakers.

Please let me know if you would be interested in this, and if yes, which date would be preferable for you (13 May or 10 June).

Ngā mihi,

Jessie
