Hi Jim and Lou

Update for the MDCA on Higgs Reserve

Maintenance for the season is coming to an end as we plan for the planting season. Battle for the Banded Rail is holding a planting day on Sunday the 21st of June commencing at 9.00 am. We have 900 trees to plant so if members or friends from the MDCA would like to participate that would be great. It is also an ideal opportunity for the community to see the extent of the change some hard work can do to a somewhat overlooked treasure in Māpua.

Cheers Clare
