Hi Christeen,

The consent hearings that are put up on our website are Publicly Notified consents only as they are publicly notified. Consent hearings for limited notified consents are not advertised on the website as they are only limited to those affected and therefore do not need to be advertised on the website. We do not plan to advertise limited notified hearings on the website.

Hope this clarifies this but let me know if you have any questions.

Thanks, Katrina

Good afternoon Katrina

Last night I was asked to follow up on a matter arising from the Mapua Community Association meeting.

The question is..... During the course of a year some resource consents end up going to a formal hearing. When this happens, how does the TDC publicise the dates of such hearings, so that any interested ratepayer (who has not necessarily submitted) can attend the hearing?

Thanks for your help.

Regards

Christeen
