Who plans Mapua's future needs in health and social services?

The Mapua Masterplan principle 10:

Ensure all infrastructure and council and community facilities meet the future needs of the community

## **PLANNING FOR MAPUA'S HEALTH AND SOCIAL NEEDS**

- TDC planning:
  - 700 houses in the pipe-line
  - TDC planning identifies the aging population for Mapua
- Does the Masterplan fulfil objective 10 for community needs in health and social services (education?)
- Various community facilities need co-ordination: Hall, Church, Sports Rooms
